

Power Module, AC, 500W (Double Module) – UTC017

500W, Power Module

KEY FEATURES

- Double module, full-size module per AMC.0
- Universal AC input (85 to 265V), 500W
- Modules can be turned on without an MCH
- Provides power for up to 12 AMCs, 2 MCHs and Cooling Units
- Very low ripple voltage on +12 V
- Hot swappable with dual 256K Flash for redundancy support
- Dual IPMI bus
- 32-bit RISC processor
- Blue, red, amber and red LEDs
- IPMI 2.0 and HPM.1 compliant
- Menu driven software for ease of configuration
- Current sensor per slot

μTCA™

Benefits of Choosing VadaTech

- AC PSU for MicroTCA (500W)
- Very low ripple voltage
- Support for power module redundancy
- Efficient re-use of existing designs/components reduce costs
- Electrical, mechanical, software and system-level expertise in house
- Full ecosystem of front and rear boards, enclosures, speciality modules, and test/dev product from one source

The VadaTech UTC017 is a 500W (42A @ 12V) power module for use in a μTCA chassis. It is fully compliant with the MicroTCA.0 revision 1.0 specification; including dual-redundant I²C buses (IPMB-0).

The UTC017 is hot-swappable and fully redundant when used in conjunction with a second instance of the module. It provides power to the twelve slots, two MCHs (MicroTCA Carrier Hubs) as well as the CUs (Cooling Units).

Multiple temperature sensors are included on-board to monitor for over-temp conditions within the module. The current is continuously measured for each of the modules and reported to MCH for any fault.

Once installed in the system the firmware is upgradable via the shelf manager. The UTC017 can be configured to power and enable the modules without the presence of an MCH.

VadaTech can modify this product to meet special customer requirements. Contact us to discuss your application.

Power Module, AC, 500W (Double Module) – UTC017

IPMI FUNCTIONALITY

The UTC017 is IPMI 2.0 and HPM.1 compliant with optional IPMI commands including warm/cold reset, re-arm sensor events, get device GUID, and get/set the hysteresis, threshold, and/or sensor event enable. The PMs provide fail-over for redundant IPMB-0 and FRU LED control. The units also have power channel control, get power channel status, PM reset, get PM status, and PM heartbeat. Temperature and current sensors are also included.

INTEGRATION SERVICES AND APPLICATION-READY PLATFORMS

VadaTech has a full ecosystem of ATCA and μ TCA products including chassis platforms, shelf managers, AMC modules, Switch and Payload Boards, Rear Transition Modules (RTM), Power Modules, and more. The company also offers integration services as well as pre-configured Application-Ready Platforms. Please contact VadaTech Sales for more information.

SPECIFICATIONS

Architecture		
Physical	Dimensions	Width: 5.85" (148.5 mm)
		Depth 7.11" (180.6 mm)
Type	AMC Power Module	Intelligent power controller for μ TCA chassis
Standards		
Module Management	IPMI	IPMI version 2.0
	ATCA	PICMG 3.0 Revision 2.0 (AdvancedTCA)
	AMC	PICMG AMC.0 Revision 1.0 (AdvancedMC)
	μ TCA	PICMG MicroTCA.0 Revision 1.0
	HPM	HPM.1 Revision 1.0
Power	UTC0017	500W supply (42A @ 12V)
		Input 85 to 265V AC (Input current 6.8 A / 3.4 A) with frequency 47 to 63 Hz
Environmental	Temperature	Operating Temperature: 0° to 65°C with air flow greater than 400 LFM (available in μ TCA.3)
		Storage Temperature: -40° to +90°C
	Vibration	1G, 5 to 500Hz on each axis
	Shock	30Gs on each axis
	Relative Humidity	5 to 95 per cent, non-condensing
Front Panel	External Interface	RS-232 front panel access
	LEDs	IPMI management control: blue, red, amber, green and fuse indicator for each input rail
	Switch	Hot swap switch input with ± 15 KV ESD protection
	Input Power	Universal AC
	Temperature Sensor	Multiple temperature sensors on-board
Other		
MTBF	MIL Hand book 217-F @ TBD Hrs	
Certifications	Designed to meet FCC, CE and UL certifications where applicable	
Standards	VadaTech is certified to both the ISO9001:2000 and AS9100B:2004 standards	
Compliance	RoHS and NEBS	
Warranty	Two (2) years	
Trademarks and Disclaimer	The VadaTech logo is a registered trademark of VadaTech, Inc. Other registered trademarks are the property of their respective owners.
