

R13S

Combat-Ready, 13" Fully-Rugged Notebook

R13S, the ultra-rugged notebook is designed for users work in the most extreme environments. With MIL-810G and IP65 certification, it can operate under the most vigorous condition; from searching desert to freezing terrains and from stealth mission to the heart of combat zone. It also packs Intel® 6th Generation Skylake-U CPU to run the most demanding tasks. With TPM, quick HDD release function and fingerprint scanner, R13S offers the undisputed security for data protection.

EXTREMELY RUGGED FEATURES

R13S is IP65 and MIL-STD 810G certified. It is built with high quality of magnesium alloy that guarantees to perform. It can work at 15,000 feet in the air, extremely temperature of -30°C to +60°C, under the 40 G shock or 26 drops from 6 feet.

Secured Dual Battery Lock

The lock prevents the battery from disengaging during vigorous vibration to ensure without interruption at any critical task.

LONG BATTERY LIFE

Fast charge

R13S can quick-charge its High-Capacity, 9-cell Smart Battery Pack for up to 90% of the capacity within merely 3 hours.

Hot Swap

Equipped with quick release and hot swappable function, the second battery can further extends the battery life from 11 hours to 16 hours.

STEALTH MODE

DURABOOK's unique Stealth Mode can be applied in special mission such as stakeout operation and raids. One click immediately turns off all sounds and emitting lights while all programs remain running in the background.

EXCEPTIONAL OUTDOOR DISPLAY

Equipped with a 13.3" TFT LCD (1024 x 768) screen at 1050 nits with sunlight readable resistive touch panel, R13S offers excellent screen viewing even under direct sunlight.

SUPERIOR SECURITY

To protect against unauthorized access to protected data, R13S is equipped with various devices of secured tools.

- ✔ Trusted Platform Module (TPM) chip
- ✔ Biometric Fingerprint Scanner
- ✔ Quick Release HDD : It allows for less than 5-second ejection of disk drive in a situation when protecting valuable data.

Battery	<ul style="list-style-type: none"> ■ Primary 9-Cells 7800 mAh battery pack: 11 hrs³ ■ 6-Cells 3800mAh battery pack^{1,4} 5 hrs³
AC Adaptor	■ 100V - 240V; 90W
Dimension	■ 306 mm (W) x 294 mm (D) x 58 ~ 65 mm (H)
Weight	■ 3.6 Kg / 7.9 lbs ⁵

Accessories

▶ Vehicle Dock

▶ Office Dock

▶ Car Adaptor

1. Optional items
2. With extended temperature SSD or HDD heater
3. Mobile Mark Life Test Method (Battery life may vary with product configurations, settings, usage patterns and operating environment.)
4. 6 cell battery pack is mutually exclusive with Optical Disk Drive
5. Actual weight may vary with different configurations
